Who We Are & What We Do For You

01

WHO WE ARE

Empire Flow Group Pty Ltd is a Business Operating System built specifically for trade businesses and subcontractors across Australia. We manage the entire backend of your business so you can focus on the work you are good at.

Most tradies and subcontractors are outstanding at their trade. The problem is not the work, it is everything behind it. Payroll, tax, invoicing, compliance, reporting, and planning. Empire Flow Group steps in and handles all of it, so you do not have to.

02

OUR VISION & MISSION

OUR VISION

A trade industry where every subcontractor no matter how small has the systems, support, and financial clarity to build a real business, not just a job. Every tradie deserves the same infrastructure a large company has.

OUR MISSION

To remove the backend pressure from trade businesses so that operators can focus entirely on execution, growth, and leadership. We bring the systems. You bring the skill. Together, we build something that lasts.

03

WHAT WE DO

We provide six core services under one simple arrangement: a small percentage of your job invoice. No retainers. No hourly rates. No surprise bills.

Payroll & Super

We run your payroll, calculate super, and lodge STP every pay cycle. You never miss a pay run.

BAS & ATO Compliance

We prepare and lodge your quarterly BAS, handle IAS, and manage your ATO obligations so you stay compliant.

Financial Reporting

Weekly reports showing your job costs, revenue, and where your money is going. Clear numbers, every week.

Business Analytics

We track your KPIs, job margins, and business performance identifying what is working and what is not.

Admin & Operations

We handle the paperwork, document management, scheduling support, and daily admin so it does not pile up.

Business Strategy

90-day growth planning and revenue sessions to help you build a real business asset, not just a job.

04

OUR INTENTIONS FOR TRADE BUSINESS OWNERS

Empire Flow Group was built with one purpose to give every trade business owner the same fighting chance as a large corporation. Here is exactly what we intend to do for you:

- ✓ Get you paid correctly and on time — with proper invoicing, records, and follow-up
- ✓ Eliminate ATO surprises — BAS, PAYG, and super handled before they become problems
- ✓ Give you real financial visibility know your numbers every single week
- ✓ Reduce your admin hours — spend that time on the tools, not the paperwork
- ✓ Build your business as an asset — not just a way to make next week's wages
- ✓ Grow your revenue with structure not by just working more hours
- ✓ Help you move from operator to business owner with systems that work without you
- ✓ Set you up for long-term wealth — retirement planning starts with a structured business

05
